**Subject :** Greetings From GardenSoft!

## GardenSoft

### Salutations!

GardenSoft has just released another regional version of PlantMaster: **NORTHERN CLIMATES 6.71**. This version is for our users in the Northern USA States and Canada. All 2500 plants have pictures, at least **one** photo per plant.

### PlantMaster Northern Climates

Click on the below link to find out more about **PlantMaster Northern Climates 6.71**.

We are happy to add **PlantMaster Northern Climates** to our other regional versions: **California, Northwest and Southwest**.

**Our Price: \$199**

### Using GardenWorks for Sales Presentations

**GardenWorks**, the companion product of PlantMaster, can be used in effective sales presentations to clients. To have the most impact

and punch, it is helpful to have a laptop computer.

Take digital pictures of your jobs, **BEFORE AND AFTER**. Add them to **GardenWorks**. You can do a simple slide presentation, with your before and after pictures. The pictures show your creativity and horticulture talent.

If it's too late to take the "before" pictures, not a problem. Go ahead and take pictures of the finished landscape projects. Snap photos of your projects 6 months after completion so the pictures don't resemble a kid with a new buzz cut. Add them to **GardenWorks**, and show them in the simple slide show format.

**Our Price:** \$199
